

INDUSTRIAL CRISIS THREATENS BRITISH

Conditions Uncertain—Predict Labor Troubles Will Follow Decrease in Wages.

WASHINGTON, Sept. 3.—(By International News Service.)—Industrial conditions in England are uncertain, according to advices received by the commerce department.

The British manufacturing plants, especially textiles and clothing manufacturers are facing a situation of curtailed orders and in many instances labor conditions threaten.

While present production has been fairly well maintained, "some anxiety is felt for the future," the report declares. High wages are prevailing and a general decrease in prices is expected. With the decreased prices a fall in labor wages is predicted. These labor troubles will result if wages are lowered is predicted.

One report from Blackburn shows that the market for cotton goods produced there has fallen off. Much of the output was shipped to China and India. The natives have been unable to keep abreast with the increased prices, it is reported. Going into this subject, Alfred Hitting, an attaché of the American consular general's office, says:

"Wages in the spinning industry are very high, and, although this may be justifiable while the big profits are being made, a return to more normal conditions will make the relations between capital and labor difficult."

The British embargo on coal is hampering prosperity in port centers, the reports declare. In local centers, however, trade remains good and prospects in most every case where prosperity now exists are reduced to fair.

Harding Deplores Class Appeals In Speech To Farmers

MARION, O., Sept. 3.—Co-operative farmers' associations for distribution of farm products were advocated by Senator Harding in a speech here today as a necessity if food prices are to be reduced.

"Speaking to a committee of the national board of farm organizations the senator declared he abhorred any idea of class organization as such, but knew that unless the producers and consumers were brought closer together by organized effort, 'organized profiteering will squeeze in somewhere between.'"

"With your assent," said Senator Harding, "I will not welcome you as representatives of farmers' organizations and I shall make no appeal either now or later to the people of the country which may be labeled an appeal in behalf of farmers. Permit me, therefore, to welcome you as Americans."

I deplore the use in political campaigns or in public administration of special appeals and of special interests. I deplore any foreign policy which tends to group together the people of foreign lands in groups of their nationality. I deplore class appeals at home. I abhor the idea of class and the compromise and encouragements which we have seen extended to it.

"When the responsibility for leadership in this fight was placed upon me, I said to myself that we must all unite under the slogan America first. When I say America first, I mean not only that America maintain her own independence and shall be first in fulfilling her obligations to the world, but I mean that at home any special interest, any class, any group of our citizenship that has arrayed itself against the interests of all, must learn that at home, as well as abroad, America first has a meaning, profound, and with God's aid, everlasting."

Alleged Bank Yeggs Caught; Three Had \$1,300 When Taken

JOPLIN, Mo., Sept. 3.—Three young men whom the authorities say were the bank robbers yesterday at the State bank of Sulphur Springs, Ark., were arrested here last night after a running fight with police. Two men suspected of complicity in the robbery were arrested in Anderson, Mo., Wednesday night.

The men captured here walked into Joplin and were recognized by two patrolmen off duty as answering the description of those who participated in the robbery.

According to the police more than \$1,300 was found in the possession of the men, who gave their ages as ranging from 20 to 25 years.

The robbery netted the men implicated about \$2,750, according to word received by the authorities from Sulphur Springs.

PASTOR IS JAILED FOR MAKING CIDER

TUSCALOOSA, Ala., Sept. 3.—(By International News Service.)—Up in North Tuscaloosa, between Vance's station and Kellerman's, a little church, sitting back from the public road in a grove of big red oak trees, was without a pastor on Sunday. When the congregation assembled the man who leads the flock in spiritual matters was absent.

Sheriff Hughes had brought him down to Tuscaloosa and put him behind the bars of the county jail on the charge that he was about to turn a couple of apples found souring in his orchard into apple brandy, the sweetening for which was discovered in his blacksmith shop in the shape of a barrel of blackstrap molasses. Two staves were found in close proximity to the Rev. Lawrence's house. He will be made to give bond before he can fill his pulpit next Sunday.

RECEIVES DIPLOMATS.

PARIS, Sept. 3.—President Tieschan's diplomatic receptions today at Rambouillet, his country home, are receiving considerable attention from the press, this being the first time such ceremonies have been held since the accident which befell the president on his railway journey last May. The fact that the receptions were arranged for is taken as a sign of the president's wish to show that his health has again become normal.

No Fooling—

Don't you think the wife is due some help—this is the time of wash clothes—you wear them, the wife wears them and the kiddies play out of doors and of course they get potty black.

Send home an EDEN, your wife will be happier than she has been for years. DON'T MAKE yourself think she has not wished for an EDEN EVERY DAY, for she has envied her neighbor, her freedom from drudgery, and Monday will be happy Monday, NOT BLUT Monday with the little girl all tired and cross.

The EDEN will make clothes last 5 times as long as the tub and washboard.

The EDEN washes, clean and sanitary.

The EDEN is the most valuable family possession, for as long as you live you will have to have clothing, draperies and washable goods cleaned—and I say to you, Oh Boy! the EDEN will everlastingly clean them.

Asks Candidates To Sweep Publicity

CHICAGO, Sept. 3.—Parley P. Christensen, farmer-labor candidate for president, today sent a telegram to Senator Warren G. Harding, Republican presidential candidate, and Gov. James M. Cox, Democratic nominee, suggesting the two newspaper proprietors grant one column of space each day to the November 2 for the publication of such facts, views and statements as the national committee of each party furnishes to your newspaper.

"If you will do this you will have done more for the development of American political, social and economic intelligence, in my opinion, than anything you could or can do during four years in the White House," Mr. Christensen added.

BANDIT THREATENS TO KILL KIDNAPED MEN

MEXICO CITY, Sept. 3.—Pedro Zamora, the Jalisco bandit, has threatened to execute W. A. (Sandy) Gardner, an American citizen, and Bertie C. Johnson, a British subject, who were kidnaped by Zamora's men at Cuale, Jalisco, on Sept. 1.

This information has been given government authorities by deserting members of the bandit group, who say that the threat to kill the two captives may be put into execution if the men are not ransomed immediately, according to dispatches received from military headquarters at Guadalajara.

It is reported Zamora has refused to answer communications from the government, presumably relative to the release of the two prisoners, and it is said he has increased the amount of ransom required. The Esperanza Mining company, which employed Gardner at Cuale, is holding the ransom money ready, upon advice of the U. S. consul here, but it is declared it has not been able to communicate with the outlaw.

AMERICAN VETERANS OF BRITISH ARMY ORGANIZE

ST. LOUIS, Sept. 3.—Plans for perfecting a national organization were discussed today by the British and Canadian war veterans of America in convention here. According to delegates, there are in the United States at least 100,000 men who served in the world war with the British and Canadian armies. Some are citizens, some Canadian or British subjects.

One purpose of the organization will be to secure for these veterans the same bonus or pension right that are accorded their fellows in the British empire.
